

It ?? @ Taichung City, Dali District

???: 24/05/25	???: 440
?: 0	????
?: 40	?: 5

A close-up view of a custom-built mining rig. The rig consists of several graphics cards (GPUs) mounted in a row on a metal frame. Each GPU has a large fan on its front. A complex network of colorful cables (red, yellow, blue, black) is connected to the GPUs, likely for power and data. The rig is mounted on a metal frame, and the background shows other components of the setup.
